

CARROLL COUNTY, IOWA

ORDINANCE NO. 29

AN ORDINANCE of the County of Carroll, Iowa, providing for quarantine and isolation and other matters concerning the health, safety and welfare of Carroll County.

- Section 1 The Ordinances of the County of Carroll, Iowa, are amended by adopting new provisions in lieu of those previously adopted in Ordinance No. 26, which new sections are:
- Section 2. PURPOSE. The Purpose of this ordinance is to provide for the quarantine and isolation, and other matters of concern to the health, safety and welfare of Carroll County.

 - b. "Department" means the Iowa Department of Public Health.
 - c. "Isolation" means the separation of persons or animals presumably or actually infected with a communicable disease, or that are disease carriers, for the usual period of communicability of that disease. Isolation shall be in such places, marked by placards if necessary, and under such conditions to prevent the direct or indirect conveyance of the infectious agent or contagion to susceptible individuals.
 - d. "Quarantinable disease" means any communicable disease which presents a risk of serious harm to public health and which may require isolation or quarantine to prevent its spread.
"Quarantinable disease" includes but is not limited to cholera; diphtheria; infectious tuberculosis; plague; smallpox; yellow fever; viral hemorrhagic fevers, including Lassa, Marburg, Ebola, Crimean-Congo, South American, and others not yet isolated or named; and severe acute respiratory syndrome (SARS).

The limitation of movement shall be in such manner as to prevent the spread of a communicable disease.
- Section 4. GENERAL PROVISIONS.
- a. Voluntary confinement. Prior to instituting mandatory isolation or quarantine pursuant to this ordinance, the board may request that an individual or group of individuals voluntarily confine themselves to a private home or other facility.
 - b. Quarantine and isolation. The board is authorized to impose and enforce quarantine and isolation restrictions. Quarantine and isolation shall rarely be imposed by the board. If a quarantinable disease occurs in Iowa, individuals with a suspected or active quarantinable disease and contacts to the case may be quarantined or isolated as the particular situation requires. Any quarantine or isolation imposed by the board shall be established and enforced in accordance with this ordinance.
 - c. The local board of health shall notify, consult and work cooperatively with the Iowa department of agriculture and land

stewardship and the state veterinarian office on issues relating to isolation and quarantine of animals.

Section 5. CONDITIONS AND PRINCIPLES. The board shall adhere to all of the following conditions and principles when isolating or quarantining individuals or a group of individuals:

- b. Isolated individuals shall be confined separately from quarantined individuals.
- c. The health status of isolated or quarantined individuals shall be monitored regularly to determine if the individuals require further or continued isolation or quarantine.
- d. If a quarantined individual subsequently becomes infected or is reasonably believed to have become infected with a communicable or possibly communicable disease, the individual shall be promptly removed to isolation.
- e. Isolated or quarantined individuals shall be immediately released when the board determines that the individuals pose no substantial risk of transmitting a communicable or possibly communicable disease.
- f. The board may temporarily isolate or quarantine an individual or groups of individuals through an oral order, without notice, only if delay in imposing the isolation or quarantine would significantly jeopardize the board's ability to prevent or limit the transmission of a communicable or possibly communicable disease to others. If the board imposes temporary isolation or quarantine of an individual or groups of individuals through an oral order, the board shall issue a written order as soon as is reasonably possible and in all cases within 24 hours of issuance of the oral order if continued isolation or quarantine is necessary to prevent or limit the transmission of a communicable or possibly communicable disease.

The proceeding shall be held as soon as is practicable, and in no case later than ten days from the date of receipt of the appeal. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease. In extraordinary circumstances and for good cause shown, the board may continue the proceeding date for up to ten days, giving due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence. The board acknowledges that in certain circumstances the subject or subjects of a board order may desire immediate judicial review of a board order in lieu of proceeding with the board's appeal process. The board may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a board order and justice so requires. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.
